

BT-1280A

BETA LOUDSPEAKER

Small, high-fidelity wall-mount speaker. BETA compact speakers produce high fidelity sound quality anywhere great sound is desired. Its small size makes it ideal for tight, out-of-the-way installations. The BT-1280A is perhaps the most versatile of the BETA series indoor speakers. Its robust nature makes it the perfect choice for hotels, lounges, restaurants, gyms, water and theme parks or other applications where public

address and background/foreground music are required. Exclusive mounting hardware is included with each system and simplifies permanent installation jobs. The mounting method adds the benefit of up to 44° rotation. Available in black and white.
